BCLP ADVISES GESHER I ACQUISITION CORP IN SPAC ACQUISITION OF FREIGHTOS

Jun 01, 2022

International law firm BCLP is advising Gesher I Acquisition Corp, a Cayman Islands SPAC registered on the Nasdaq stock exchange (Nasdaq: GIAC), in its acquisition of Freightos Limited, a leading global freight booking and payment platform. The combined entity will be known as Freightos and publicly listed on the Nasdaq exchange under the ticker symbol "FROS."

Freightos connects participants across the international freight ecosystem, including hundreds of airlines, ocean liners and trucking companies, as well as thousands of freight forwarders and over 10,000 importers and exporters, through a transparent digital platform that allows real-time global freight rate comparison, booking and shipment management. The capital raised from the transaction will be invested to further scale the business, driving transaction value and improving margins.

The transaction is expected to close in the second half of 2022, subject to customary closing conditions, including the approval of Gesher and Freightos shareholders and regulatory review.

In addition to the proposed merger of Gesher and Freightos Limited, the combined entity obtained \$70 million in capital commitments in the form of a forward purchase agreement, a backstop agreement and a PIPE agreement, in addition to a \$10 million non-redemption commitment. BCLP also advised Gesher in connection with the capital commitments.

This transaction further serves to build out BCLP's cross-border SPAC experience. A press release on the deal can be found [here](#).
