

MARK GODFREY

Associate Director
London

E: mark.godfrey@bclplaw.com

T: [+44 \(0\) 20 3400 4840](tel:+44(0)2034004840)

BIOGRAPHY

Mark has advised extensively on construction, project development and infrastructure transactions. Mark has substantial in-depth construction and project development experience in a wide range of sectors, including transport, property development and urban regeneration, social infrastructure, power and water and oil and gas projects.

Mark advises clients across the entire life of a project, from initial procurement analysis and choice of procurement approach, through tendering, contract negotiations and award and finally into contract management during the construction, commissioning and completion phase of a project.

The Construction Act and modular construction projects

Since we previously blogged about modular construction, it has continued to develop in popularity. The more we see of modular, the more it becomes clear that it is a very different beast to “traditional” construction projects, demanding an evolution in procurement routes and contract content.
