

# Treating our colleagues like our best clients

Formed by the combination of Bryan Cave and Berwin Leighton Paisner, our law firm is purposely structured in a way few other law firms are – as a fully integrated international team that provides clients with clear, connected legal advice, wherever and whenever they need it.

Bryan Cave Leighton Paisner brings enduring value to client relationships. By combining the practice experience, industry knowledge and market connections of 1400 lawyers in North America, Europe, the Middle East and Asia, with our recognised leadership in applying legal service and technology innovation, we deliver commercial advantage to clients.

Working as one team, we bring to our clients a range of integrated capabilities, including some of the world's most active M&A, real estate, financial services, litigation and corporate risk practices.

## **Diversity & Inclusion**

At Bryan Cave Leighton Paisner we believe that diversity enriches the quality and fabric of our culture and makes us a stronger, better firm. We strive every day to create an inclusive workplace where every individual feels celebrated for their difference, can be themselves and can contribute meaningfully to the firm's success. We appreciate that diversity can mean different things to individuals in different locations. Our overall global vision for diversity is underpinned by local approaches, partnerships, programmes and activity.

We believe that no one should be held back because of their age, disability, genetic information, parental or family status, religion or belief, race, ethnicity, nationality, sex, sexual orientation, gender identity (or expression), veteran status, or other by any other range of human difference brought about by identity and experience.
