BIOGRAPHY

Sandra Anne-Marie Gaidies brings extensive experience in banking and finance law. Her practice focuses on corporate finance (bilateral and syndicated finance), project finance (renewable energy), structured finance, receivables finance (non-recourse and recourse factoring) and acquisition finance in national and international transactions and projects. Her practice especially focuses on advising commercial banks on creating and automating standard credit documentation, in particular by way of using legal tech products.

Her clients include banks, insurance companies and energy companies.

ADMISSIONS

- Germany

“The reputation of everyone involved is at stake.”

Will unsustainable companies have difficulty accessing financing in the future? Banks and financial institutions are increasingly offering financing based on ESG criteria. Financing is frequently not granted where there are risks of climate damage, CO2 pricing risks or risks of human rights violations in supply chains. Sandra Anne-Marie Gaidies and Andrea Schwaiger discuss the significant changes in the world of SME financing.
