EMEA- Data Privacy, Digital and AI Round Up 2024/2025

As expected in the data privacy and digital space, 2024 shaped up to be a year full of guidance, consultations, regulatory focus areas and legislative updates. Artificial Intelligence (AI) remained a hot topic with advertising technology (AdTech) closely following its heels. With the blizzard of global data protection developments continuing unabated in 2024 with no doubt more to come in 2025, it is a good moment to look back at what 2024 held for businesses as well as to consider what 2025 may hold in the EMEA region.
