

TAX

OVERVIEW

Tax considerations influence every strategic decision. Navigating multiple jurisdictions, regulatory frameworks and emerging areas of law can create significant financial and reputational risk and responsibility.

BUILDING INTELLIGENT TAX SOLUTIONS

We help our clients meet these challenges with confidence by building intelligent tax solutions across advisory, transactional and dispute matters. Our globally coordinated tax team combines commercial insight with deep technical expertise in all direct and indirect taxes. This empowers our clients to achieve compliance and unlock greater tax efficiency.

OUR SERVICES

Our tax advice and tax risk management and disputes practice includes advice with respect to:

- Corporate
- Commercial
- Real Estate
- Finance Taxation
- Tax Risk Management
- Tax Disputes

A GLOBALLY RECOGNIZED TEAM

Renowned for delivering exceptional results in an increasingly complex tax landscape, our team has consistently received excellent client feedback. These insights have been independently researched by tax specialist industry publications such as the International Tax Review, and leading legal directories Chambers and Partners and Legal 500.

Clients have previously said: "*BCLP's tax team has first-rate knowledge of all of the key tax areas that touch our business and particularly the taxation of fund structures and real estate. We have found the BCLP tax team to be robust from a technical perspective but also to be adept at taking a practical and commercial approach when necessary in order to make transactions happen.*"
