BCLP ADVISES TENERGIE ON MAJOR ACQUISITION, FINANCING, AND REFINANCING

Sep 01, 2026

BCLP advised Teneo, a French renewable energy developer and producer, on the acquisition, financing and refinancing of a portfolio of more than 350 photovoltaic assets in France (TENFI 6).

This portfolio includes operating assets, recently commissioned projects as well as projects currently under development or construction. It covers a range of installations, including ground-mounted solar plants (12 MWp), self-consumption projects (8 MWp), rooftop solar installations, photovoltaic greenhouses, and solar carports. With nearly 140 MW financed, TENFI 6 represents one of Teneo's largest transactions to date.

The financing, provided by Bpifrance, CATE (Crédit Agricole Transitions & Énergies) and La Banque Postale, exceeds €150 million. It will support both the refinancing of existing assets and the development of new solar projects.

The BCLP team was led by Partner **David Blondel**, together with Senior Associate **Gwenaél Fassot**, and Associate **Fabien Lambert**, on the project finance aspects of the transaction.
