

## FRANCHISE MERGERS & ACQUISITIONS

### OVERVIEW

Our franchise transactional attorneys have participated in many significant corporate transactions including billion dollar mergers; acquisitions; securitizations; and spin-off transactions. Our involvement has ranged from full representation of the acquiring or selling parties to being engaged as special counsel by other multinational law firms to conduct detailed and specialized diligence investigations on behalf of acquirors, lenders, investors, and underwriting counsel. Our deep experience enables us to probe the prior activities of companies engaged in franchising and licensing, and to meticulously and efficiently assess the level of legal compliance or non-compliance, analyze and report on the risks and potential exposure facing these companies, and provide advice and strategies for addressing and resolving these risks.
