EXPERIENCE

- **Advising an investment bank and financial services company** on TUPE issues arising out of the acquisition of a leading independent M&A and private capital advisory firm serving the global technology industry.

- **Advising a property management company** on the employment aspects of multiple separate acquisitions. The transactions involved difficult employment issues around the possible application of TUPE on change of service providers in the context of a property purchase. This required close co-operation with our client's property managers and an analysis of existing and proposed future arrangements as well as an analysis of existing and future contractual arrangements.
- **Advising a private equity real estate fund management business** on the employment aspects of its indirect disposal of a portfolio of 23 logistics assets across the United Kingdom.
- **Advising a client** on its acquisition of a UK-based fashion and accessories retailer. The transaction included the sale of the brands and intellectual property, the head office and design teams, the group's distribution centre, as well as the transfer of around 450 jobs. The transaction involved significant analysis in relation to the application of TUPE and the risks in relation to a TUPE transfer.
- **Advising a retail clothing company** on its purchase (out of administration) of a high street clothing brand. This involved strategic advice on the impact of TUPE.
- **Advising an Administrator** on the sale of an airline, including providing advice on retention arrangements for key employees and the TUPE transfer of employees to the purchaser.
