STRUCTURED FINANCE

OVERVIEW

Our Structured Finance team is a dynamic, market-leading group, known for developing highly innovative structures across the full spectrum of structured finance and derivatives products. We combine the in-depth specialist knowledge of our team with the range of experience in our firm as a whole to provide commercial, focused solutions, often in situations which are complex and challenging.

We assist funds, sponsors, arrangers, issuers, trustees, rating agencies, investors, master servicers and special servicers and other market participants in relation to all forms of debt financing arrangements, including securitisation and other structured capital markets products, stand-alone bond issues, commercial paper, GDRs, EMTN programmes, convertible bonds and repackagings.

The team has experience in all asset classes including RMBS, consumer ABS, corporate ABS/ whole business securitisation, CMBS (and work-outs), covered bonds, ABCP and esoteric asset classes such as vehicle rental, operating lease ABS etc.

The practice covers derivatives in both OTC format as well as securitised derivatives across the full range of asset classes including interest rate, equity, credit, FX, commodities and longevity. In particular, the team has experience advising on complex derivatives transactions, including synthetic securitisations and CDS and total return swap transactions (synthetic disposals). The team also advises on stock-lending and repo transactions.

We have extensive experience of dealing with ISDA documentation and related transactions.

International law firm Bryan Cave Leighton Paisner LLP (BCLP) has advised Qatari Diar on a £400 million Green Loan for the development of their award winning Chelsea Barracks residential development.

Bryan Cave Leighton Paisner Elects 20 New Partners

Chambers UK 2021

The following memorandum provides an overview of the responses of courts and local and state governments of certain jurisdictions in the United States, as well as of the United States federal government, to the COVID-19 outbreak. The analysis has a particular focus on mortgage foreclosures and evictions. Effects on residential foreclosures and evictions have been included as governments have prioritized providing protection to residential properties and tenants while the effects on commercial foreclosures and evictions have been included where available.
