BIOGRAPHY

Joe is a co-leader of the firm's Intellectual Property Practice. He focuses his practice on intellectual property disputes including patents, unfair competition, and misappropriation of trade secrets.

Joe has litigated more than 75 IP cases representing clients in district courts throughout the United States, as well as at the U.S. Court of Appeals for the Federal Circuit. He has also represented clients in more than 100 post grant proceedings at the United States Patent and Trademark Office, including *Inter Partes* Review proceedings and *ex parte* reexaminations. Joe also assists clients with licensing, right-to-use and infringement studies, validity and enforceability review, due diligence for the purchase or sale of intellectual property assets, and management and development of patent portfolios.

Joe represents clients across a broad range of technologies, including: wireless communication systems (such as Bluetooth, WiFi, and RFID), smart phone technology, touch screen devices, MEMS devices, paging and cellular systems, modems, computer networks, internet-related technologies (such as E-commerce, websites, authentication systems and online advertising), computer hardware and software (such as microprocessors, flash and non-volatile memory, operating systems and mobile-phone applications), remote and virtual back-up systems, gaming, linear and digital integrated circuits, semiconductor technology, pre-paid cards, avionics equipment, HD Radio, GPS-related technology, car stereos, electric motors, electronics, finance/fintech, blockchain technologies, computer vision systems, machine learning, artificial intelligence, optical systems, vehicular components (such as water pumps, oil filters, braking systems), SaaS platforms, automotive (such as spark plugs, wipers, air filters), high porosity bedding, automatic call distribution, physical perimeter security (bollards), and virtual/augmented reality.

Joe's undergraduate degree is in electrical engineering.

EXPERIENCE

- *Innovative Solutions and Support, Inc. v. J2, Inc., et al.* (W.D. Tenn.) Represented plaintiff, Innovative Solutions and Support, Inc., in patent infringement and trade secret case related to aircraft computers. Obtained a judgment for the client in excess of \$24 million, including attorneys' fees.
- *Netscape Communications Corp., v. ValueClick, Inc. et al.* (E.D. Va.) Represented the defendant, a provider of online advertising services, against allegation of infringement of U.S. Patent 5,774,670, which is commonly referred to as the "cookie" patent in the Internet field. Our efforts led to the invalidation of the independent method claim and the dismissal of allegations of willful infringement on summary judgment.
- *Acco Brands, Inc. v. Belkin, et al.* (E.D. Tex.) Successfully defended Belkin in a patent infringement case through two jury trials in the Eastern District of Texas and an appeal to the Federal Circuit. Three patents related to computer locks were asserted, one patent was

dismissed on summary judgment, another claim was dismissed by JNOV after trial, and the third claim was dismissed after an appeal to the Federal Circuit.

- *Firepass IP Holdings, Inc. v. The Boeing Company* (E.D.N.Y.) Defended The Boeing Company against claims of infringement of several U.S. Patents relating to fire suppression systems for aircraft.
